

United Paranormal Project Training Curriculum

UNIT IV: PREPARATION FOR INVESTIGATIONS

After the completion of this unit, the member will be able to:

1. Understand how to prepare for an investigation.
2. Understand what is needed for an investigation.

1. PURPOSE OF FIELD TRAINING INVESTIGATORS

- Each new UPP member shall learn how to properly prepare for an investigation.

2. STEPS IN PREPARING FOR AN INVESTIGATION

1. Read and reread all email from the team regarding the location or the investigation. Think ahead and have in places things you will need such as:
 - Proper clothing consistent with the weather.
 - Any medications you may need.
 - Snacks and Drinks (Alcohol is Prohibited)
 - Sleeping bags, blankets, pillows (if needed).
 - Money
2. Make sure any equipment you have is clean. Dust is very common and is everywhere. Check and clean your camera lens, camcorder lens. When arriving at the investigation make sure the DVR camera lens are cleaned and the equipments batteries are good to go.
3. Make sure your UPP shirt and hat are clean. A professional appearance is very important to the team.
4. Double check to make sure all of your equipment and gear is packed and ready to be transported to the investigation.
5. Make sure that you obtain enough rest before any investigation to make sure you are attentive and alert for the investigation.
6. Make sure you have secured your travel arrangements.
7. Allow yourself plenty of time to arrive at your destination.
